Summary

Entry-Level Network and Linux Engineer with expertise in Networking, Linux Administration, Cloud Computing, and Manual Testing. Skilled in configuring and managing Cisco networks, Red Hat Linux, AWS services. Experienced in Manual Testing, including SDLC, STLC, Test Case Design, Defect Management, and Agile methodologies. Hands-on experience in network monitoring, visualization tools, and cloud automation to optimize performance and reduce operational costs. Passionate about troubleshooting and system administration to enhance security, scalability, and efficiency in IT infrastructure.

Technical Skills

Languages and Databases: Python, SQLPLUS

Visualization Tools: Networking (CCNA), AWS Services, Database Management

Experience/Course

Indra Institute of Education

MAR 2024

Coimbatore,

- **Networking & Security:**

CCNA, VLAN, STP, OSPF, EIGRP, NAT, DHCP, ACL, VPN, FHRP, AAA Security

- **Linux & Cloud Computing:**

Red Hat Enterprise Linux (RHEL), CentOS, Ubuntu, AWS (EC2, VPC, Route 53, S3, IAM, CloudWatch, CloudFormation, SNS, SQS, Lambda, RDS, DynamoDB, Auto Scaling, CloudTrail, CloudFront, EFS)

- **AWS Services:**

Implemented and managed AWS services such as EC2, VPC, Route 53, SNS, SQS, S3, CloudWatch, Lambda, CloudTrail, IAM, CloudFront, and CloudFormation to optimize infrastructure and improve scalability.

QSpiders Training Institute

DEC 2024 - Present

Bengaluru,

- **Database & SQL Development:**

Writing SQL scripts, stored procedures, triggers, and packages. SQL Query Optimization for improved performance. Oracle Database Administration (Indexing, Normalization, Data Modeling).

- **Manual Testing:**

Software Development Life Cycle (SDLC) Testing, Software Testing Life Cycle (STLC), White Box Testing (WBT), Black Box Testing (BBT), Test Case & Test Plan Creation, Defect Report.

Education

Anna University

Kumaraguru College Of Technology, BE - Electronic and Communication Engineering

Aug 2021 – Mar 2024

Coimbatore,

Certifications

- Cloud+ Networking (Indra Institute of Education, Coimbatore)
- PL/SQL Training certification – QSpiders, Bengaluru

Soft Skills

- Network Troubleshooting & Root Cause Analysis
- Thinking Team Collaboration & Communication
- Adaptability & Continuous Learning
